About the College:

The Vidarbha Youth Welfare Society's Prof. Ram Meghe College of Engineering & Management, Badnera-Amravati is leading technological institute in Vidarbha region. Established in the year 2009, the institute has a prestigious standing amongst the topmost Technical Institutes of Maharashtra. The Institute is approved by AICTE, New Delhi, Accredited by National Assessment and Accreditation Council (NAAC), Bangalore with Grade 'A+'. The Institute is recognized by Directorate of Technical Education (DTE Mumbai), Govt. of Maharashtra and affiliated to Sant Gadge Baba Amravati University, Amravati and is offering UG, PG and Ph. D courses in Physics, Chemistry, Computer Science and Engineering, Information Technology, Electronics and Telecommunication Engineering, Electrical Engineering and Civil Engineering. "Vidarbha Youth Welfare Society" was conceived to be the fountainhead of education for a rural area in the year 1965. The young, dynamics & forward-looking management of PRMCEAM is carrying forward the pioneering legacy of the visionary founders, who dare to dream and strived hard to achieve their seemingly impossible goals. The management team is comprised of highly qualified people and stalwarts from medical, academic, legal and business fraternity. Their varied skills-sets help them in coming up with vagaries of the technical education field. The team of the highly qualified and experienced academicians strives to achieve this credo under the proficient guidance of the Principal of the Institution. The team has an indomitable spirit to nurture and educate potential professionals and bring laurels to the institute. The Institute is providing an excellent Educational environment, infrastructure, amenities with value-oriented teaching; undoubtedly every student is moulded well enough to face challenges of the modern world with the right attitude. This makes PRMCEAM the most preferred institute in Maharashtra.

About The Conference:

In the current era, every business or organization is surrounded by different technologies. Information technology has transformed the social and business environment. Technology often deals with methods or tools used to gather , manipulate, store and communicate information. Many business have implemented technology designed for personal use to reduce business cost and improve the efficiency and effectiveness of production methods. Companies also use technology to open several domestic or international business locations. Emerging technology includes new or advanced hardware or software. Emerging technology is a sector of information technology responsible for developing new products or devices that are expected to be widely used in the next 5 to 10 years. Business often look to emerging technologies for new services or tools that will help them to create a competitive business advantage. Emerging technology might also include advancements in technologies the business already uses. These advancements soften allow companies to enhance business operations at a cheaper cost. In this context only our international conference theme is focused on opening the avenues for introspecting and discussing the emerging role of technologies in business and how it is affecting the overall functioning of business. This international conference aims to provide a platform to reseatchers and academicians to put their ideas and lead the way.
